StackaBench

ASSEMBLY INSTRUCTIONS

1. Slot together 1 end riser and 1 side riser
2. Slot together other end riser and side riser to make a complete riser set
3. Slot together other riser set and stack them on top of each other
4. Place top over riser lugs, non skid side up if you wish to stand on it!
5. Insert top hold down screws for extra security, do not over tighten
6. For increased security use U bolts at each corner to hold riser sets together
7. Use U bolts horizontally to hold multiple benches together
8. Use at half height as a hop up or sawhorse
